

Salvage / Overpack

PSI is the originator of the overpack drum! We manufacture a large variety of sizes and gauges of salvage and overpack drums. Overpacks safely contain smaller drums filled with material. Standard sizes are 10, 85 and 110-gallon capacities. All drums meet the latest DOT regulations, testing and certification. Stock sizes certified to UN specifications and are available to ship within **24 hours**.

We also offer drum in various colors and interior treatments per your requirements. Drums can be manufactured from stainless or carbon steel material. Custom sizes can be made to your specification up to 375 gallons or more. Special labeling can aid in your receiving department or final destination.

Diameters:

- Ranging from 14.00” to 34.00”

Heights:

- 16.00” to 45.00” inside pack heights. Modified heights are also available.

Ratings available:

- DOT 7A
- NQA1
- UN
- 49CFR
- Customer Requirements

So whatever your containment needs, let Packaging Specialties make a container for you!
